REPORT OF THE FIRE DEPARTMENT

Following are the fires which our men and equipment participated in during the past year:

March, Grass Fire, Brentwood Line
Chimney, Percy West
Chimney, Herman Bishop

April, Bed on Fire, Alice Clement
May, Brooder House, William Cole

August, Woods Fire, Fremont Raymond Line
Fire in Dump, Fremont Motor Sales

December, Chimney Fire, Kenneth Crooker

We also helped out the Raymond Fire Dept. on a wood's fire in the Gove District.

This year we have purchased a new portable pump, and had our old pump repaired.

With the exception of the forest fire at the Fremont Raymond Line, our fires this past year have not been too serious. Let us hope that with proper care and watchfulness the coming year will bring forth a still better report.

Respectfully submitted,
F. C. HESELTON, Chief

FOREST FIRES - OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 92 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public - YOU!

The primary objective of all fire fighters is PREVENTION - fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

SUPERINTENDENT'S REPORT

February 2, 1950

To the School Board and Citizens of Fremont:

It is with pleasure that I submit my third annual report as Superintendent of your schools.

This past year was indeed an unsettled one for education. The legislature cut state aid to schools from \$2,000,000 back to \$400,000. This fact seems unbelievable when it is generally understood that education is the basis of our democracy. The school children of today will be the citizens of tomorrow.

As a part of this report, there will be a page devoted to Return of District Revenue, which shows the actual budget that the School District is using for the current year (1949 - 50). This is also a result of legislative action.

The expenses for the Supervisory Union have also been changed. Formerly all towns in this union paid their share of expense according to their number of teachers. Now it must be divided equally between equalized valuation (1949) and average daily membership. Fremont's share of Union expenses is approximately 9%.

TEACHERS

Mrs. Ruth L. McGall resigned in January and was replaced by Mrs. Sylvia B. Moulton in grades one to three at the Primary School.

Mr. Thomas Chesley of Farmington, N. H. and a graduate of the U. N. H. was hired during the summer to replace Mrs. Marion Kenison who resigned to accept a teaching position in Kensington. Mr. Chesley teaches in the Grammar School and deserves a great deal of credit for the splendid art work completed for the operetta,

"Hansel and Gretel". Through the cooperation of the teachers and the local P. T. A. hot lunches are again being offered to the children. This is a fine gesture on the part of all concerned.

NEW SCHOOL

The present old building continue to pose a problem in regard to upkeep and meeting the state regulations. It is hoped that the several factions in town can settle their differences so that the children will not be deprived of the opportunity of moving into a new building in the near future. It would be an economical advantage to Fremont to operate one centralized school rather than the one-room school houses.

In closing, I wish to express my thanks and appreciation to the School Board, citizens, teachers, and pupils of Fremont who have been so cooperative and helpful during the past year.

Respectfully submitted,

ARTHUR W. DANIELSON,

Superintendent

REPORT OF MUSIC TEACHER

To the Superintendent and School Board of Fremont, New Hampshire.

The aims of our public school music program are to create a love of good music on the part of the child and also create intellectual development. School music is a recreation and a pleasure. There is more art in music than in math. It is also a mental developer. Many people don't look at music from an intellectual standpoint, but from a cultural standpoint.

Shortly after Thanksgiving the schools of Fremont combined to present a program to help raise money for noon lunches. The entertainment consisted of: the operetta, Hansel and Gretel, a patriotic pageant, and square dancing. The production was successful and I'm sure all that attended enjoyed it.

Tentative plans have been made for a Folk Song and Dance Festival for students from the entire union. A festival of this sort enables the students to associate with many children their own age.

In addition to the above, the usual program has been carried out. Each child has been given instruction in music theory, music appreciation and folk dancing appropriate to his grade.

I wish to express my appreciation to the School Board, superintendent, teachers, parents, and pupils for their cooperation.

Respectfully submitted,
JEANNE READIO,
Music Supervisor

HEALTH SUPERVISION

To the Superintendent of Schools and the School Board:

The school year from September 1948 to June 1949 was a very busy one and much progress has been made in the health education of our school children.

The yearly health examination which includes all but heart and lungs was carried out, and there has constantly been close contact with each pupil for periodic examinations of head, skin, and contagious diseases.

Every parent wants his child to have good health. We know that the first essential to good health is a sound, sturdy body.

A public service is being rendered by everyone who in cooperation with the school nurse and teachers is seeking to make adequate diet, physical well-being, and health education available to every child in your community.

We must continue and further all health activities striving to improve the teeth, eyes, posture and nutrition in our school children.

The purchase of the new audiometer equipment by the Union for use in all towns is a valuable addition. This instrument detects any hearing loss.

Here in Fremont it is a matter of regret that there is such a serious need of dental correction in our schools.

The good work of our P. T. A. in making hot soup available to all who want it at school lunch time is a most commendable project.

To all school officials, teachers, and citizens who by their individual and collective services are helping to maintain the health efficiency of your schools, there is here expressed the deep appreciation and thanks of your

school nurse.

Respectfully submitted,

CONSTANCE COOPER,

School Nurse
